

Dear Middle School Parents,

Tomorrow's lessons are now available in Google Classroom.

7/8th Grade:

There are IXL math assignments and a science "peer review" assignment with their element projects.

Our Element Project Zoom mtg. to discuss their results will be postponed until Wednesday at 10am.

6th Grade:

The 6th grade students have IXL math assignments for tomorrow.

I have assigned an element project for the 6th grade students using Google Slides. They will be choosing from elements 1-36. I will need to approve their choice so there will not be any doubling up among the students. The project description is on Google Classroom. It will be due next Monday and we will meet next week on Zoom to discuss their results.

Please let me know if you or your student has any questions, difficulties, concerns or suggestions. The best way is through this e-mail at sanderson@stmaryschoolchx.com.

Stay Well and God Bless,

Steve Anderson
