

Dear Middle School Parents,

Tomorrow's lessons are now available in Google Classroom.

7/8th Grade:

There are Khan Academy math assignments that are due 4/29. I reduced this week's Khan Academy assignment down to 4 problem sets. If the student is having difficulty then they should watch the associated video, and then may send questions to me if still having difficulty. Please ask the students to try their best on each and every problem.

We will have a Zoom mtg. Wednesday at 10am to discuss the results of their science research. An invitation to the meeting will be sent to their school e-mail shortly.

6th Grade:

There are also Khan Academy math assignments that are due 4/29. I reduced this week's Khan Academy assignment down to 4 problem sets. If the student is having difficulty then they should watch the associated video, and then may send questions to me if still having difficulty. Please ask the students to try their best on each and every problem.

There is also a science reading assignment and online quiz.

The element project is due next Monday and we will meet next week on Wednesday on Zoom to discuss their results.

Please let me know if you or your student has any questions, difficulties, concerns or suggestions. The best way is through this e-mail at sanderson@stmaryschoolchx.com.

Stay Well and God Bless,

Steve Anderson
