

Dear Middle School Parents,

We are off to a good start with our middle school math and science online lessons. We have had students successfully access their Google Classroom account and then successfully complete the online assignments and quizzes. We've had a lot of questions answered back and forth online.

If your student has not been successful or has any difficulty, please let me know if I can be of any help.

Tomorrow's lesson is now available in Google Classroom. There are IXL math assignments and science reading and quiz assignments for all the middle school students. The 7th and 8th grade students have a Element Research paper to research and write on Google Docs. This paper will be shared with myself and the other students in 7/8th grade. Please have your student read the directions completely in the Google Classroom stream and let me know ASAP what element they have chosen. We will add a writing assignment for the 6th grade students next week after we work out the procedure with the 7th/8th graders.

We will resume online lessons again next Wednesday April 15th and will add Khan academy assignments, online science videos and other online activities. Please have a blessed remainder of Holy Week and Easter! I have attached Mrs. Dvoracek's letter with

suggestions how to be closer with Christ during this Blessed Week.

Another reminder that our weekly school mass will be streaming tomorrow at 8:30 am. Please have your student ready for this important part of our school experience. In order to access use the following links:

<http://www.stmarycharlevoix.com>

(red band at top - Live Stream here, scroll down if you want to watch the recorded version) or

<https://www.facebook.com/stmaryschoolcharlevoix/>

Please let me know if you have any questions, concerns, suggestions. The best way is through this e-mail at sanderson@stmaryschoolchx.com.

God Bless,

Steve Anderson
