

Dear Middle School Parents,

All the 6-8th students have an individualized Khan Academy Assignment and an IXL science assignment for Wednesday now available on Google Classroom.

Thank you parents for helping your student stay current on their assignments! The end of school is approaching rapidly and as Mrs. Dvoracek says "It counts!". We will have normal grading at the end of the marking period.

As always please let me know if you or your student has any questions 😊

Stay well and God Bless.

Mr. Anderson
